

## FEES & NDIS FUNDINGS

It comes down to the NDIS Plan and personal goals, and the strategies in place to reach those goals.

Costs are flexible depending on the participants' requirements. There is flexibility to use the participants' own support worker, separate transport options and/or use Y.E.S support services.

If you need to discuss your options or require help to fill in the online form, we have a professional team ready to take your call.

## WHAT SETS US APART?

At our core, we pride ourselves on our unmatched flexibility. Unlike other participant activity programs, we understand that life doesn't fit neatly into a standard schedule. That's why we offer sessions outside the typical hours, including evenings and weekends, ensuring everyone can join in the fun.

But our commitment to excellence doesn't stop there. Instead of confining our activities to a traditional centre setting, we take the excitement out into the community, immersing participants in real-world experiences that foster social-emotional growth.

Finally let's talk about our phenomenal support mentors. These aren't your average mentors— they're dynamic, age-appropriate, and passionate about what they do. Highly trained and fully engaged, you won't catch them idly scrolling through their phones. Instead, they're right there alongside participants, guiding and inspiring them, developing confidence and independence. With us, you can trust that every moment is filled with energy, enthusiasm, and a genuine commitment to making memories that last a lifetime.
