## We Aim to Provide

- Quality Support coordination that can create a strong support network around you
- Daily living support that can improve your day to day life
- Advocacy that can over come disadvantages in your community
- Social life – empowering your hobbies, activities in your community
- Maintaining your home, Keeping your house clean

## Private

Case management service before receiving government funding or private uses of home care service starts from **\$50**.

TGA understand paying from your own pocket is a big challenge. We apply individual private subsidy pricing to ensure you are able to receive the same quality of service to meet your needs.

Make sure your well-being needs start from TGA before and after government funding.
