**Move-in ready bedrooms
await to provide you
unparalleled comfort**

Bedrooms

Featuring warm and inviting colour tones and plenty of smart integrated space , your personal oasis, the bedrooms help you unwind in peace. The rooms are equipped with features that assist in adaptive living.

Adaptive Features

- **Air Mattresses that eases pressure wounds.**
- **Hardwood flooring to build friction between wheelchairs and ensure tight grip preventing slips.**

Make Yourself at Home

Overlooking the lush green garden, these eco sound generously sized spaces are perfect for the 'Shared' Living experience

Sitting Area

With timeless appeal of textural coffee table, this tranquil corner allows for quick convenience tasks.

Ideal for hosting friends and visitors, build beautiful memories of togetherness with your housemates.

Living Area

Furnished with comfy sofa sets along with plenty of light and lush green garden view, the large and open living area makes a perfect communal area.

Adaptive Features

- Practical and on trend wider doorways for easier access and mobility.
- Large tiles and freshly painted walls giving a fresh and open look and feel for shared spaces.

Know Your Amenities

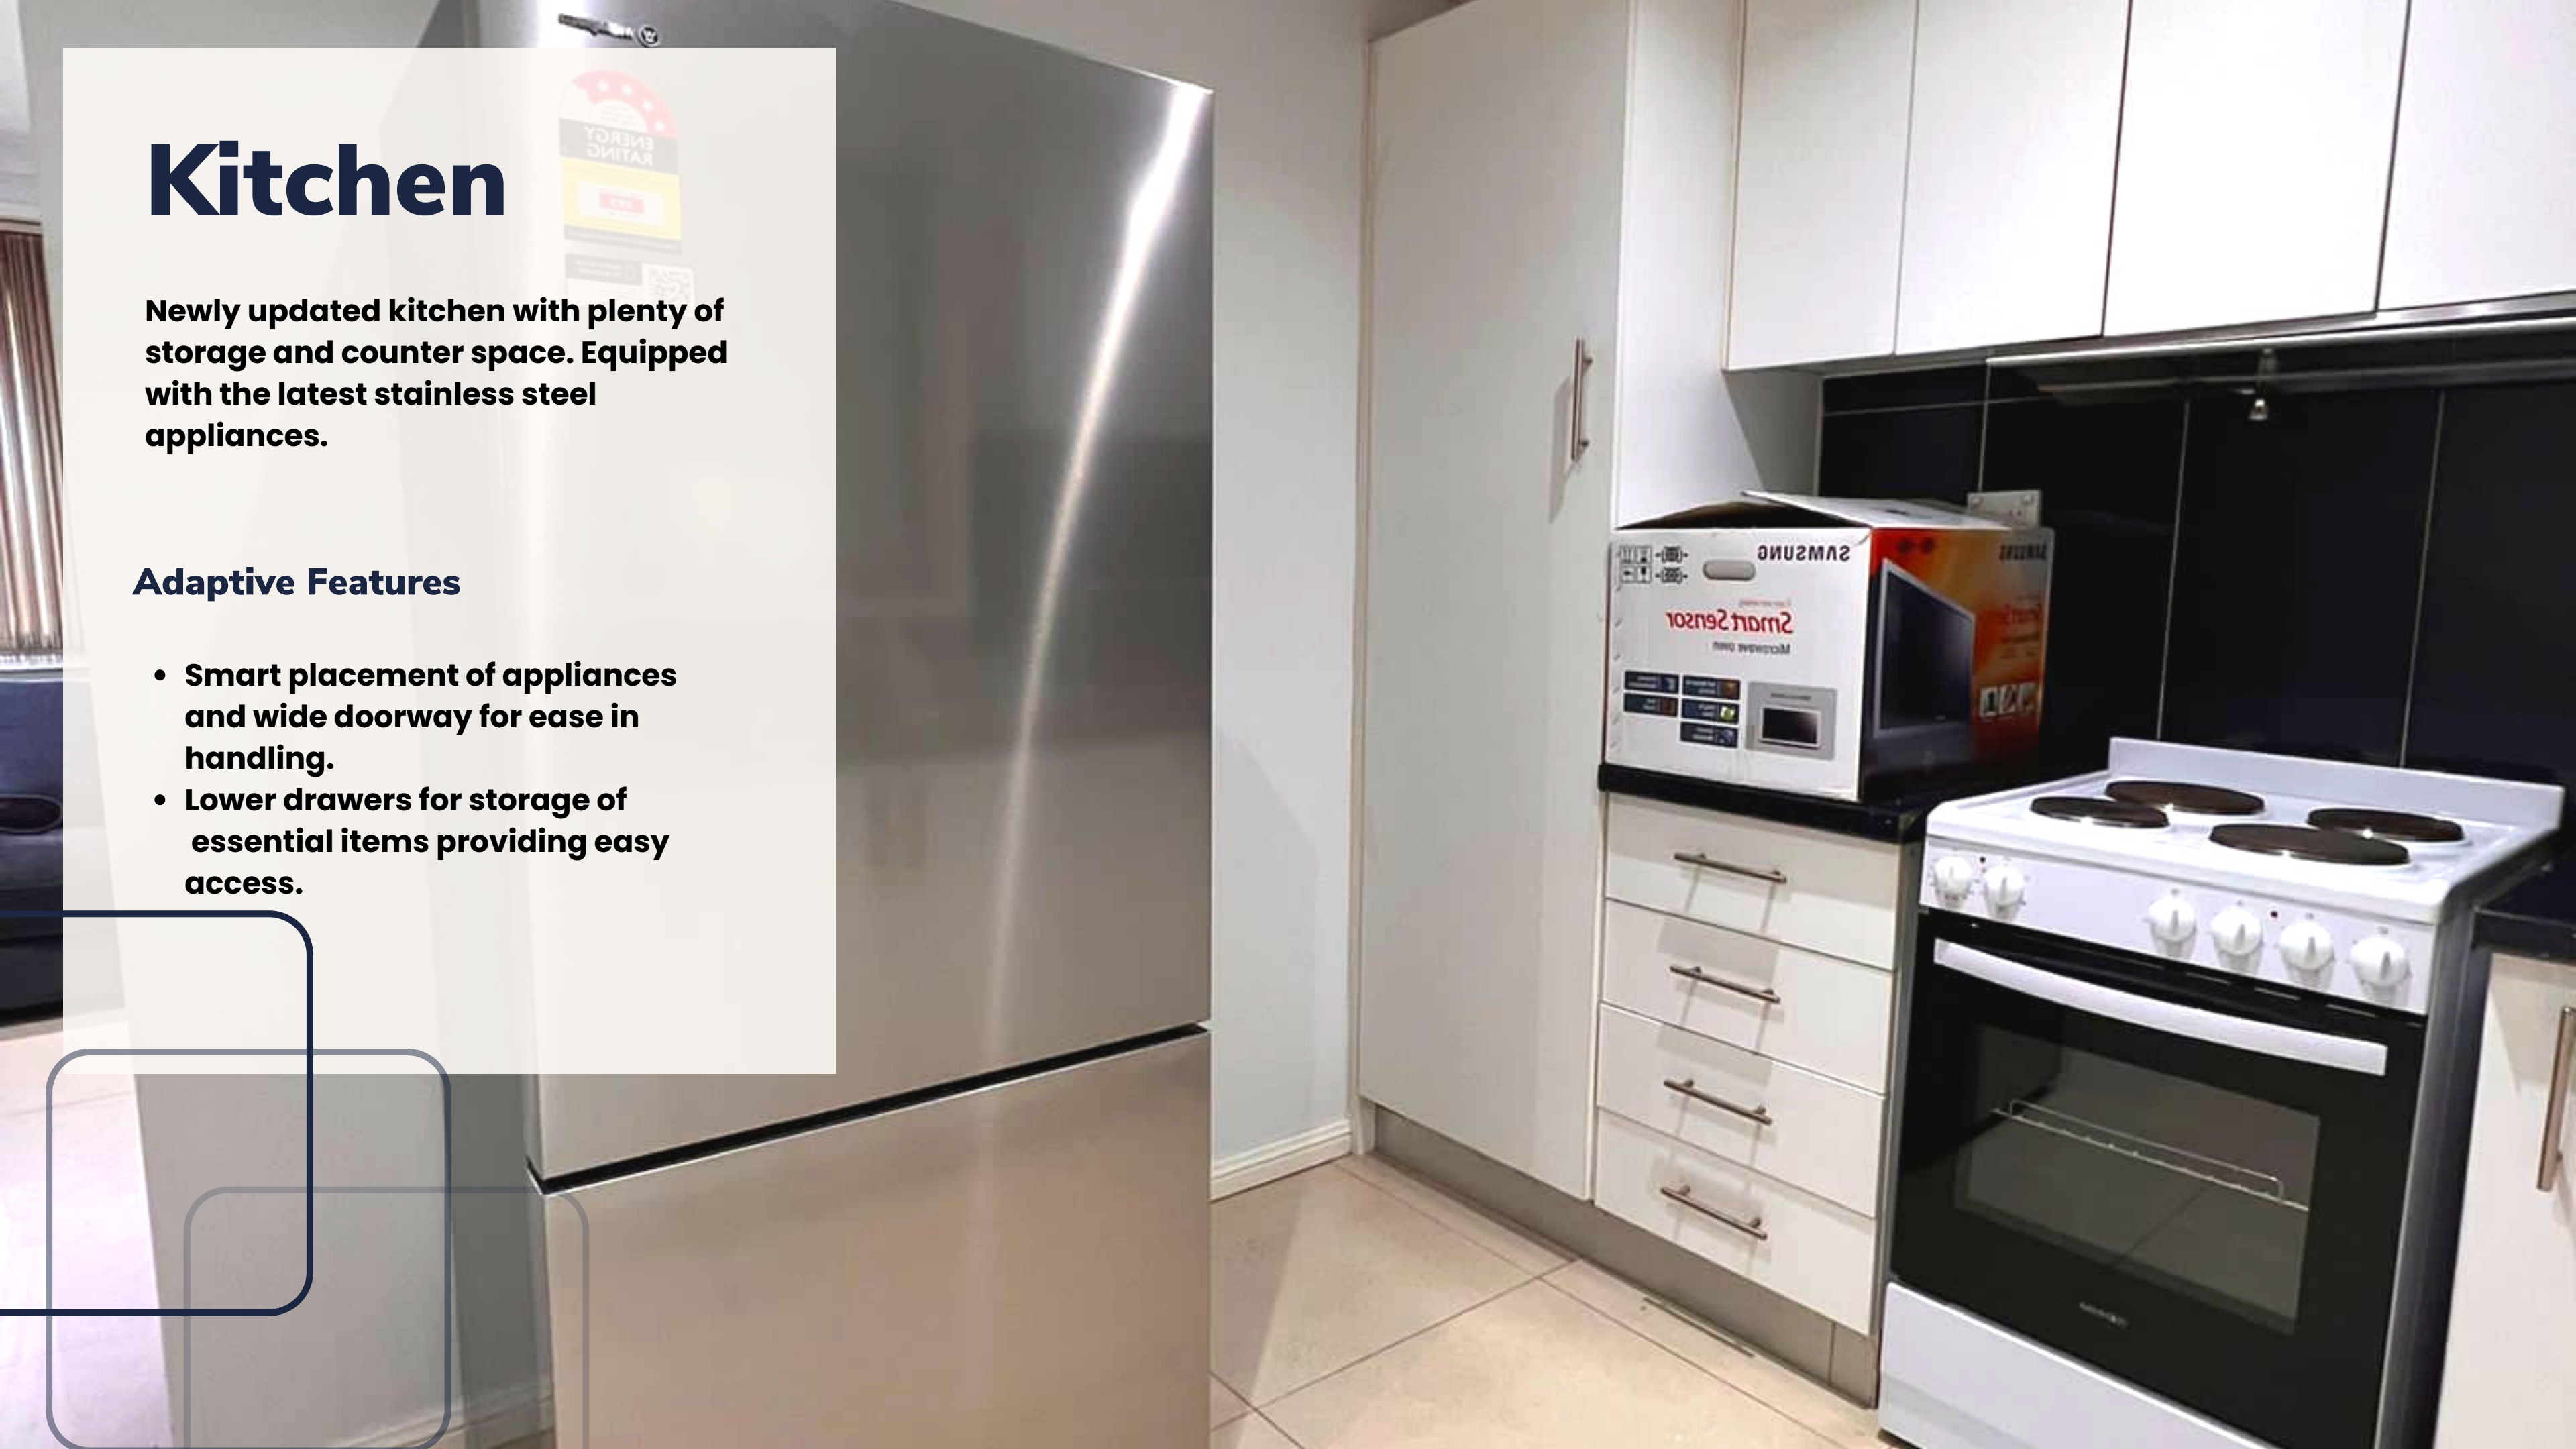

An internal laundry area with modern washer and a newly built kitchen to let you fulfill all your needs perfectly.

Kitchen

Newly updated kitchen with plenty of storage and counter space. Equipped with the latest stainless steel appliances.

Adaptive Features

- Smart placement of appliances and wide doorway for ease in handling.
- Lower drawers for storage of essential items providing easy access.

Laundry Room

A dedicated well-designed room that makes washing dirty clothes less onerous. With ample storage space it allows maximum load handling with ease.

Minimalistic and sparkly clean with some natural light falling in makes it all the way more appealing.

THE DIGNIFIED DIFFERENCE

Assistive Tech

Making everyday mobility easier than ever, wheelchair hoist sling allows seamless lifting and movement of participants. Comfortable and safe it gives more freedom than ever to participants.

Air Mattress Technology

With its medicinal effects of preventing pressure sores, air mattresses across all beds makes your stay safer and healthier. The Air mattress technology ensures proper air circulation, prevention, management, and treatment of the occurrence of pressure wounds.

24/7 Trained Support Staff

Active night care or daytime supports, qualified *Dignified Caring* support staff with SIL support experience provides personalised care to each resident. More than just support, our super friendly staff makes the stay all the more worthwhile!
