

I am 30 years young and a lover of anything outdoors! Fishing, camping, and adventure are my pride and joy. I am highly adaptable to all of my clients' needs and preferences, always putting their best interests and well-being first. I have been a support worker for almost four years now and have four clients who have been with me since day one. This demonstrates the trust and confidence my clients place in my services.

I am dedicated to creating pathways for NDIS participants, not only to help them grow in confidence and independence but also to provide opportunities and tools to build strong foundations. These foundations may potentially lead to new employment, hobbies, relationships, and, overall, a better quality of life.

I am grateful to share my vision with you, and together, I hope we can make a positive impact!

Qualifications: Cert IV in Mental Health, Cert III in Individual Support, Cert III in Fitness, Cert III in Communication and Recreation, Cert III in Barbering, Cert III in security, NDIS workers screening check (Yellow card), National police check, Infection control module, Open drivers license, Boat & Jet ski license, First aid, CPR, Full comprehensive car insurance, Public liability and indemnity insurance, Approved policies and procedures, Approved by the NDIS Quality and Safeguards Commission, Registered ABN, Workers Compensation.
